December 27, 1999

Male

Congolese

Skills

Programing(c, c++, Javascript)

Web Development(HTML, CSS, JavaScript)

Data Management(SQL, MySQL)

Tool and Technology(Git, Visual Studio)

Other Skills(Problem-solving, teamwork, communication)

Languages

English

Swahili

Education

Diploma in Information Technology   **Sep 2023 - Present**
Zetech University, Kiambu

Motivated IT student with strong programming skills and a passion for software development. Seeking to leverage my skills in a challenging internship or entry-level position to contribute to innovative projects.

Courses

Software Engineering - ALX   **Present**
Completed an intensive, hands-on Software Engineering program focused on developing robust programming skills and mastering software development practices.
Key Skills Developed
 Programming Languages: Gained proficiency in Python, JavaScript, C, etc. Web Development: Learned full-stack web development, including HTML, CSS, JavaScript.
 Algorithms and Data Structures: Gained strong understanding of algorithms, data structures, and their application in solving complex problems.
Version Control: Mastered version control using Git and GitHub. **Software Development Practices:** Emphasized agile methodologies, test-driven development, and continuous integration.

Web Development - ALISON
Mar 2023 Completed an online course focused on foundational web development skills, including HTML, CSS, JavaScript, and responsive design.

Extracurricular activities

Member, Web Development Club   **Present**
Zitech University , Kiambu

Engaged in collaborative coding sessions, working on web development projects that address real-world challenges and enhance the university's digital presence. Participated in workshops and seminars organized by the club to stay updated on the latest web development trends and tools. Assisted in organizing hackathons and other tech-related events, fostering a community of innovation and learning within the university.
